

Hygiene & safety standards

Hand sanitizer

Please clean your hands carefully, using the sanitizer provided.

Your health

We respectfully ask that you stay away if you have are unwell, with symptoms such as a fever or a cough.

Masks

For your safety and to maintain public hygiene, please wear a mask as far as possible except during meals.

Temperature checks

Please cooperate with temperature checks before you enter the premises. We will respectfully ask you not to enter if you have a fever.

Sanitizing surfaces

We sanitize all frequently touched surfaces in common areas once an hour.

Hand-washing & gargling

Our staff wash their hands and gargle on arrival and at frequent intervals while at work.

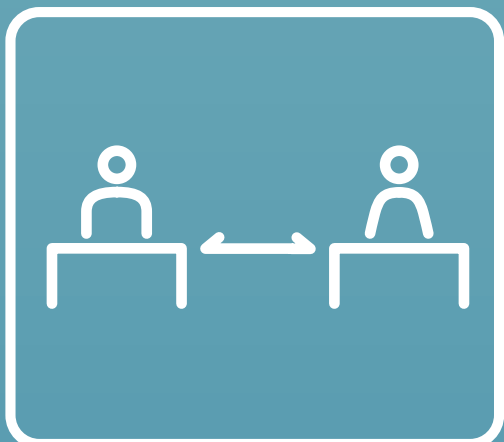

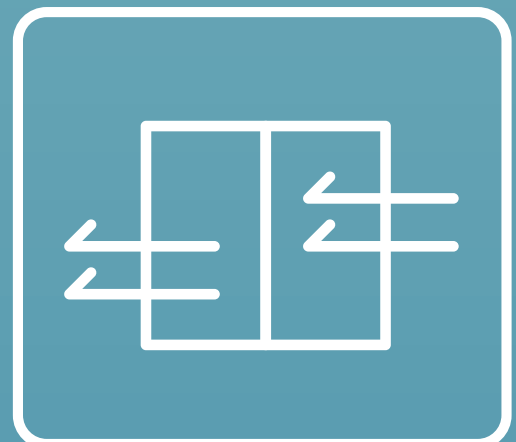

Table spacing

To maintain social distancing, we have a reduced number of tables, placed well apart.

Masks

For your safety and to maintain public hygiene, our staff wear masks while commuting and at work.

Ventilation

Besides installing air purifiers, we keep our premises well aired using ventilation systems and by opening windows at regular intervals.
